HYBRID FORMAT ELECTIVE

We are offering an elective course this Fall in hybrid format. A hybrid format is a course format that combines online learning with a residential session schedule different from the traditional residential courses that meet once a week throughout the trimester. Hybrid formats may include sessions on select weekends or sessions that meet more intensively for one or two weeks. Hybrid formats enable us to offer courses at times that may be more convenient for some students, to bring in visiting professors who may be otherwise occupied during the trimester, and allows some of our distance students to participate in residential classes. Please read the course description and note the dates the class will meet residentially. Attendance at these residential sessions is mandatory.

CARD 6627 - Conflict Resolution and Peer Mediation for Students: Elementary, Middle and High School Levels – Dr. Neil Katz

This course is designed to bring conflict resolution and peer mediation training to students at the classroom, school, or school system level with the objective of transforming student/classroom/school conflict resolution culture. Students will examine the elements of conflict resolution and peer mediation curricula, materials and resources in the field, and current research. Students will also do original curriculum/peer mediation design by integrating state-of-the-art thinking in conflict resolution methods, theories, and research into the design, implementation, and institutionalization of conflict resolution and peer mediation programs.

Prerequisites: CARD 5100 Mediation

Mandatory attendance at the Dave campus is require September 25-27 for the residential part of the hybrid course from 9:00-5:00pm . Please wait for confirmation on specific times and days before making travel arrangements.
